| LETTER       | Your <b>Certificate of Eligibility (COE)</b> or award letter names the chapter and, for the GI Bill chapters, your months of entitlement. VA issues one when it approves a claim; VR&E students have a counselor's plan and authorization instead.                                                                                                                                                                                                                                                                                                                                                                           |

The letters tool is the same scope — VA: "Right now, you can use this tool only to get your decision letter for Post-9/11 GI Bill benefits" ( <a href="https://va.gov">va.gov</a> , 2024-11-29).                                                                                                                                                                                            |
| PHONE        | GI Bill chapters (33, 30, 1606, 35, Fry): VA Education Call Center (TTY 711), "Monday through Friday, 8:00 a.m. to 7:00 p.m. ET" (read 2026-09-02) — <b>888-442-4551</b> (TTY 711), quoted from the <a href="#">va.gov payments FAQ</a> , updated 2026-08-05; the same number is on the contact line in section E.                                                                                                                                                                                                                                                                                                           |
| CHAPTER 31   | VR&E questions do not go to the GI Bill call center: they go to your assigned counselor (VRC). VA's handbook for schools, for a student who cannot reach the counselor: "call or visit your VA Regional Office and ask to speak to the VR&E Supervisor. Someone will assist you in your VRC's absence." ( <a href="#">VR&amp;E SCO Handbook § M</a> , updated 2025-07-30). Find the regional office at <a href="https://va.gov/find-locations">va.gov/find-locations</a> . If you do not know whether you have a Chapter 31 case at all, that same office can tell you.                                                      |
| ONE TELL     | If a <b>VR&amp;E counselor (VRC)</b> approved a rehabilitation plan for your degree and the school receives a training authorization for you, you are on <b>VR&amp;E (Chapter 31)</b> . A VetSuccess on Campus counselor or VA career counseling (Chapter 36) does not make you Chapter 31. The clearance form you file with the school does not tell you which GI Bill chapter you are on — your COE does; if you have none, the call center can tell you, and the certifying office can tell you what has been certified for you at this school (a Chapter 31 authorization reaches it from your counselor, not from you). |
